Tamsin Westhorpe on Reinventing Your Garden
4th November 2020

Plant List (in the order in which Tamsin introduced them)

Lysimachia clethroides - wonderful but takes over and needs clearing out from time to time.

Tree Lily 'Pink Explosion' - planted in a large pot to position as the back of the border to fill in a gap.

Nicotiana 'Lime Green' - ditto above but in a smaller pot to put nearer the front of borders.

Catalpa bignonioides - large tree kept small with pollarding.

Smyrniunm perfoliatum planted with????

Rosa mutabilis - good for north and east facing sites.

Shrubs for winter colour and scent:

Daphnes

Cornus Mas

Chimonanthus

Hammamelis (witch hazel) - very slow growing
